## COUNTY JUDGES TO RE-ESTABLISH FOX CONSERVANCY DIST.

Hearing on District Will Be  
Held at Geneva on  
Monday, July 9.

Steps for the re-establishing of the Fox River Conservancy district are well under way, and before many months the organization for "river control, sanitation, water supply and navigation," will be in actual operation, according to those who have kept in close touch with recent developments.

The Fox River Conservancy district became a reality following a special election which resulted favorably for its establishment in September 1926. After having been in actual operation for sixteen months, the huge sanitation, conservation and river beautification project was declared invalid by Judge William J. Fulton in circuit court at Yorkville.

### District Declared Invalid

Court action to knock out the district was instituted some time ago by Attorney Weeks, representing the village of Plano, on the grounds that the organized territory was not in accordance with the law. The law authorizing the creation of conservancy districts of fifty square miles or more was enacted by the 1925 general assembly, one of the provisions being that all or none of the incorporated towns should be included within such districts.

It seems that between the time of the survey for the Fox River Conservancy and the election in September, 1926, the village limits of Plano had been extended so that when the district was actually voted in it included only a part of the village of Plano. In the meantime a similar situation had developed at Palatine through which passes the Lake-Cook county line.

### Meet at Geneva July 9

A petition bearing the names of 1069 names has been presented to Judge Harry C. Daniels of Kane county, asking that the necessary steps be taken to re-establish the district. Pursuant to this request Judge Daniels has called to his assistance the county judges of Lake, McHenry, Kendall, LaSalle and Cook, to consider the boundary lines of the proposed new district, the meeting to be held at Geneva, July 9, at 1:30 p. m. J. C. James was one of the trustees of the defunct organization.

## CITY BRIEFS

Thirty-five hundred egg cartons of special design were received Monday by Harry Tillotson and Bert Edwards, members of the Antioch-Lake Villa Poultry association. Purchase of thousands more of these special cartons to advertise the region is being considered by local poultrymen, according to association officials.

Local police officers this week started the annual drive to enforce the village vehicle tax ordinance.

A new electric sign has been placed over the driveway leading to the Wetzel Chevrolet garage. The sign is nine feet long with 16 inch letters. A new sign also adorns the front of the Wallace clothing store. Black, gold-bordered letters on a background of milk white glass presents a very pleasing and striking appearance.

Work on the new grade school building is progressing rapidly, as is also the construction of the new Chevrolet sales room.

Pikeville road, Hardin street and portions of other village streets have been given a coating of crushed stone recently.

### HIGH SCHOOL ORCHESTRA TO REHEARSE EACH WEEK

The High School Orchestra will rehearse once a week during vacation. These rehearsals will be held every Monday evening, at seven o'clock, at the high school.

New and old members are urged to be present next Monday evening for the first meeting. All high school students who already play an instrument and those who are interested in learning to play, please be present.

### WILMOT LEGION POST PLANS BIG DANCE

The Fred Semran Post of Wilmot is planning a grand dance to be given at Rademacher's Twin Lakes hall room the night of Labor Day, Sept. 2. A new Model A Ford car is offered as the grand prize.

## ROUTE 59 OPENS TO TRAFFIC FRIDAY

Now there's pavement all the way to Grand avenue and Fox Lake. Tomorrow (Friday) the road gap on 59 south from Lake street, recently paved, will be opened to traffic. The stretch of 1300 feet was left unpaved last summer to allow time for the hill dirt to settle, and a month ago F. C. Feutz Co., contractors, returned to complete the job. The work was done in a few days and the requisite 21 days hardening process will have elapsed tonight. However, those who travel the road are warned that they do so at their own risk, as the road has not as yet been accepted by the state, according to state inspector, E. Erdanger.

## OFFER \$1,000 REWARD FOR BECK SLAYER

Two of Murder Party Confess—Slayer Ten Year Criminal Record.

Notice of reward of \$1,000 for the arrest of Claude Clark, alias Claude Carter, alias Panchamp, charged with the murder of Will Beck, 34, a farmer who resided between Millburn and Lake Villa, was placed in the mails and directed to various police departments through the United States. Panchamp, with four others, including John Brown, a negro, and Donald Hresette, an Indian, staged a hold-up on the Beck place on May 16, in which Beck was shot defending property.

Brown and Hresette were arrested and confessed and later repudiated their confessions. Col. Smith declares.

John Brown, colored, 40, of 3652 Indiana avenue, Chicago, one of the men arrested in connection with the murder of Beck was convicted in Lake county on a charge of larceny several years ago and sentenced to serve an indeterminate term of from one to ten years in Joliet penitentiary. It has been learned. He went to prison in December of 1920. The case was one of the first prosecuted by State's Attorney A. V. Smith.

## Metropolitan Motor Co. To Take Over North Shore Service

The Metropolitan Motor Coach Company on July 1, will take over the extensive motor coach service of the Chicago North Shore and Milwaukee Railroad (North Shore Line). It was officially announced by Fred A. Klock, General Manager of the Metropolitan System.

"Riders of North Shore Line motor coaches will enjoy even better service than now following the transfer to the Metropolitan Motor Coach Company," said General Manager Klock in making this announcement. "We will continue to operate coaches over established routes on regular schedules as cross-country feeders to North Shore Line trains. Bringing the coach lines under a centralized management will permit of more efficient operation such as should be of great benefit to the users of coach service."

Service of the Metropolitan Motor Coach Company has been restricted to the operation of coaches on limited schedules between the Chicago Loop and downtown Milwaukee. Upon taking over the North Shore Line service it will extend its operations over 12 routes connecting North Shore communities with leading resorts in the Northern Illinois and Southern Wisconsin lake regions and important communities to the west of the rail lines. The routes and leading communities served are as follows:

Kenosha, Twin Lakes, Powers Lake, Lake Geneva, Waukegan, McHenry, Woodstock, Waukegan, Lake Villa, Antioch, Fox Lake, Libertyville, Grayslake, Lake Villa, Fox Lake, Highland Park, Lake Zurich, Wauconda, Highland Park, Deerfield, Northbrook, Wilmette, Glenview, Techon, Niles Center, Wheeling, Niles Center, Des Plaines, Glenview, Wheeling, Evanston, Niles Center.

### CEMETERY ASSOCIATION TO MEET SATURDAY, JUNE 30

The Fox Lake Cemetery Association will meet at the home of Mrs. E. A. Hook, 928 North avenue, Waukegan, Ill., on Saturday, June 30. Picnic dinner will be served. Visitors are invited. Members please plan to attend.

## Best Grain Judge in All Illinois

HAROLD KENNEDY

Competing against 200 boys from approximately 100 schools, Harold Kennedy, a sophomore of the agricultural department of the Antioch high school, scored highest in the state grain judging contest held for vocational agriculture students at the University of Illinois.

The large silver cup Harold has seen holding was presented to him by the Agriculture Club of the University of Illinois. The State Association of Vocational Agriculture teachers also presented him with a gold medal and he received many ribbons. The winning of the trophy is the greatest achievement of the agriculture department since its establishment eight years ago.

## HOLDERMAN AGAIN BEATS ROLLO HINES VIA K. O. ROUTE

Record Crowd Sees Fast  
Bouts at Antioch Palace  
Friday Night.

### ANTIOCH FIGHT CARD

Arne Jokinen won the decision over Johnny Lee in three rounds.

Semi-Windup  
Jimmy Hull defeated Joe Malone in four rounds.

Preliminaries  
Walter Huakey won from Stanley Krosky by a technical knockout in the third round.

Larry Amadee beat George Taylor in three rounds.

Dunce Bratigan beat Nick Johnson in three rounds.

George Holderman knocked out Rollo Hines in the second round.

Phil Taylor beat Heywood Story in three rounds.

Before the largest crowd ever assembled in a Lake county arena, Geo. Holderman, popular Antioch milt artist, again finished off Rollo Hines of Chicago in a return match at the Antioch Palace last Friday night. The Holderman-Hines match was the fourth bout of the evening's card of seven events by Promoter D. Mack. More than 750 fans packed the big auditorium to witness the leather-punchers in action, a record crowd for Lake county.

### Holderman Fast Worker

It took George one minute and 47 seconds in the second round to polish off the scrapper from Belle Plaine A. C. Hines and George met once before, the local boy also winning in the first encounter via the k. o. route, and Hines thought if given another trial he could hang it onto George, but one of Holderman's haymakers settled the argument in the second round.

In the windup event Arne Jokinen (Continued on page eight)

## WATER SYSTEM BOND ISSUE IS LOST, 71 TO 101

Indifference at Polls Causes  
Defeat of Water Im-  
provement Project.

Indifference at the polls and failure of voters to be alive to the needs of a growing community was responsible for the defeat last Thursday of a bond issue of \$23,500 intended for the improvement of Antioch's inadequate water system. That the present plant is inadequate has been brought to the attention of property owners here by the local volunteer fire department, the business club and the citizens generally who have had an understanding of the needs for improvement, nevertheless the bond issue failed at the polls, the final count being 71 for the proposition and 101 against it.

Inquiry as to the cause of the adverse decision of the voters has failed to bring forth much enlightening information. "Indifference, is the only reason I can see," Mayor S. E. Pollock said in discussing the result of the vote Thursday. "The opposition was out full force, as is usual in such elections, while many of those who favored the measure failed to vote."

It may be that the bond issue of \$23,500 was thought to be too much to spend for the improvement, but village council members have explained that only a necessary part of the amount would have been used, and that the remainder of the bonds would not have been issued at this time.

The need for the enlargement of the present water system is two-fold: Fire protection, which is the most pressing need, and increasing the supply for domestic use, as the present plant will be entirely too small when the village limits are extended as is now contemplated by the far-sighted citizens of the town.

If for no other reason, the loss of the bond issue at this time is regrettable because of the fact that on July 1, this year, the bonding power of the village is to be reduced one-half, which means that under the new Illinois statute the village of Antioch can issue bonds for this purpose for an amount less than \$14,000.

## Cattle Expert Will Speak To Dairymen Here Friday Night

Dr. Graham, of the College of Agriculture of the University of Illinois, will be at the Antioch high school Friday evening at eight o'clock to give a talk on "Contagious Abortion in Cattle. Every dairyman is urged to be there."

## FORECLOSE ON N. C. JOURNAL

The North Chicago Journal, owned and edited by Theophile Kunda, was hit Tuesday by a foreclosure started by Attorney John Bills in behalf of Louis Berger, holder of a \$3,600 mortgage against the paper. Kunda purchased the plant from Attorney Joseph Jadrach, who founded the paper two years ago, giving back the \$3,600 mortgage. Jadrach then traded this to Berger. It is understood.

Kunda is well known in Antioch, having been in the employ of the News two years ago. Thus, suspects irregularities in the foreclosure proceedings and he will fight the case, he told friends here Tuesday.

## The Waukegan Police Will Enforce Curfew

Charging that 90 per cent of crime in Waukegan is committed by boys between the ages of thirteen and seventeen, authorities of that city have announced a curfew regulation which went into effect Tuesday. All boys under 17 must be at their homes by ten o'clock at night or they will be taken into custody by officers.

## Mail News Copy Early Next Week

The issue of the Antioch News will be published at the regular time next week in spite of the Holiday Wednesday. Any news items, ads and correspondence we shall be glad to have sent in early, on Monday, if possible.

## HEAVY RAINS AFFECT HIGHWAYS

Moderately heavy rains fell thru out most of the north central states during the last few days, causing earth roads and some lightly gravelled roads to become very slippery and muddy. Well gravelled roads, however remain in fair to good condition. Local information should be sought in the western and northern sections of this region according to a bulletin issued by the touring bureau of the Chicago Motor Club.

Rain was not especially heavy or continuous in the eastern states. Road conditions remain about the same except in the northeast section where a decided improvement was reported.

Moderately heavy rain fell in some of the northern south central states during the week. However reports indicate that the main highways were not affected. In the southern portion of this region generally fair weather prevailed and many roads there are reported in very good condition.

## Engineer's Report To be Heard at Next Village Board Meet

Engineer Todson's report of the sidewalk situation in Antioch is to be heard at the next meeting of the village council Tuesday night.

The proposition for the paving of Spafford and west Hardin streets that has been considered as part of this year's work, has been tabled until the location of Route No. 173 has been definitely established. It is thought then that the village can work in harmony with the state department of highways to secure the best results for the village. State surveyors are working on the route.

## Beauties of Warden's Woods Heard Over K Y W Radio

Warden's Woods, on Fox Lake, one of the beauty spots of the northern Illinois lake region, has been featured in radio talks over K Y W during the past few weeks. The station has been enlightening summer vacationists as to the ideal spots to be found around about Chicago. The talks are given at 6:30 (daylight saving time) each evening.

### Eskimo Burial Customs

An Eskimo corpse is seen at in the deceased's blanket placed upon a sled and hauled to a chosen place where it is laid on a bare rock. Huts stones are piled around it like a cairn.

## Ordained Priest

Rev. H. Campbell Dixon

Ordained priest at a special service last Sunday at St. Luke's Episcopal church, Evanston, Rev. H. Campbell Dixon, pastor of St. Ignace church, is receiving congratulations of his many Antioch friends.

Rev. Dixon was born in Edinburgh, Scotland. Early in his life he came to Chicago where he attended Hyde Park High School, later taking Ph. B. degree at the University of Chicago. Before coming to Antioch he was four year's secretary for the boys' work in the Brotherhood of St. Andrew. He is a member of Lambda Chi Alpha fraternity and also a member of Sequit lodge, A. F. & A. M.

Assigned to St. Ignace church, Antioch, as lay reader, in May, 1926, Rev. Dixon continued his studies at the Divinity School, U. of C., graduating in 1927. He was ordained deacon the same year. Rev. Dixon's work in Antioch has been very commendable, and he is popular throughout the community, especially among the younger people. His rise to the priesthood has been rapid.

## AL SMITH SEEN AS STANDARD BEARER FOR DEMOCRATS

Democracy Runs Riot at  
Houston—Gobs of Ora-  
tory Spilled.

It's a mere formality now—just as soon as the democratic orators from east, west, north and south get through spilling oratory all over the great Houston hall, Gov. Al Smith of New York will be picked as democratic presidential nominee on the first ballot, according to expert prognosticators of things political.

Since Tuesday platform spellbinders with hands on chests have raved about the stars and stripes, patriotism, the general goodness of the republican party and the virtues of many favorite sons of the democratic persuasion who are in hiding to keep the presidential nomination from being thrust upon them.

Anyway the big Houston show will probably close Friday with Al Smith and Sen. Robertson as the democratic standard bearers.

## HIGHWAYS BRING CHANGE IN SMALL TOWN BUSINESS

Merchants Get Modern  
Stocks—Service Station  
Trade Flourishes.

New and greater prosperity for the larger town merchants at the expense of merchants of the smaller towns is developing in Illinois thru the vast net work of hard roads, according to Prof. Paul D. Converse of the University of Illinois, who with associates has just completed a survey of Illinois villages. Prof. Converse and his assistants concentrated their task on towns under 1,700 population, attempting to discover just what changes were taking place in the small town of today.

### Is Small Town Doomed?

"The trend is toward the larger centers, and the small town that has no special advantage or attraction over other towns is doomed to remain a small town," an Antioch business man said recently. "In this respect Antioch is favored by its being the trading center for the Lake region, a fact that any number of good highways can not change."

In reporting the result of his investigation, Prof. Converse states that "new types of business have sprung up in practically every town and village throughout the state, wherever the hard roads have touched them," he said. "These businesses are largely of the service station type, dealing in personal services to the customer. Included in the group are filling stations, tire shops, garages and similar businesses."

### Service Business Grows

"In the older forms of business, one of the reasons that there is an appreciable loss of trade is that there is too much duplication of stocks and none of them complete. If a purchaser is looking for some specific article of a certain definite type, the chances are that he may have to go to a number of different stores before he can find that article."

"Often he is forced to go to another town. This, of course, results in loss to the merchants of the village, which was first visited, had a loss to the merchants who did not have the article. Further the visitor is likely to buy other articles while away in the neighboring town."

"Continued repetition of their experience causes the purchaser first to try to find the article in the larger village or town, and to pass up his home trading center all together. This brings new businesses to the larger centers. The purchaser, as a rule, travels by automobile, and he must secure supplies for his car whenever and wherever he needs them. This condition causes the service type of business to thrive and the small village merchant to lose money."

### Expansion in Rocks

Rocks do not grow. However, some stones expand slightly with heat and do not contract to original size.

Inner time of a summer evening—a new aroma floats out to greet hungry nostrils. And then the meat is brought in—perhaps a planked steak, surrounded by—“Oh, what is it mamma?” “Oh, goody! pineapple!” And it is! Pineapple rings, sawed to a delicate golden brown and forming a most delicious wreath around the steak. What wonder that the children squeal with delight and that even the grownups seem more interested in the meal?

For there is nothing like pineapple to lighten with its fresh flavor a well-known meat dish which might otherwise be commonplace. With ham, chops, steak, roasts, baked the circle of delight from far-off Hawaii is an appropriate accompaniment.

SOME REFRESHING SALADS

Stuffed Tomatoes

Peel large ripe tomatoes, remove seeds to give them more shape. Cut a slice from the stem end of each and carefully remove pulp from the center. Cut the pulp in small pieces and drain it off. Drain one cup of crushed Hawaiian pineapple and mix with the tomato pulp. Add one-half cup Bonal walnuts broken in pieces, one-half teaspoon salt and one-half teaspoon paprika. Mix thoroughly with thick mayonnaise and serve with hot mixture. Garnish with lettuce and walnut halves.

Surprise Salad

Combine one and one-half cups cream cheese, three whole eggs, two tablespoons cream, one-fourth teaspoon salt, dash paprika and pepper and three drops onion juice. Beat with fork until smooth and creamy. Cream one stick of butter, add five tablespoons sugar, beat five minutes long. Add cream cheese with the cream butter. Beat for ten minutes then add one-half cup each of cream cheese, two cups drained Hawaiian pineapple and the celery and onion with one-half cup of pineapple dressing. Arrange in bed of crisp lettuce and garnish with celery curls. Top with spoonfuls of the following dressing. Beat four eggs, yolk slightly, add one-eighth teaspoon of salt, two tablespoons of powdered sugar and one cup of pineapple syrup. Cook in top of double boiler stirring constantly until mixture begins to thicken and coats a cold silver spoon. Add one teaspoon lemon juice, blend well and remove from heat. Chill and add one cup of cream beaten stiff.

Graham Bread

3 cups graham or whole wheat flour  
1½ teaspoon soda  
1 teaspoon salt  
2 cups milk, preferably sour  
½ cup molasses  
Mix together the flour, soda and salt. Add the milk gradually and finally stir in the molasses. Note or raisins may be added if desired. Bake in a loaf in a slow oven.

Prune Bread

2 eggs  
1 cup milk  
2½ cups bread flour, sifted before measuring  
½ teaspoon salt  
1 cup cooked prunes, cut in small pieces and thoroughly drained.  
In a mixing bowl beat the eggs, add the milk, and finally the dry ingredients sifted together and mixed with the cut prunes. Bake very slowly for about an hour.

FROZEN DESSERTS

Pineapple Ice Cream

Heat one quart of thin cream and one-half cup sugar in double boiler until sugar dissolves. Cool. Add one-fourth cup sugar to one cup crushed Hawaiian pineapple and allow to stand until cream mixture is cold.

Pineapple Orange Ice

Boil one cup sugar and two cups water for five minutes. Cool, add one cup orange juice, the grated rind of one orange and one and one-half cups syrup drained from the pineapple. Allow to stand one hour, strain and freeze.

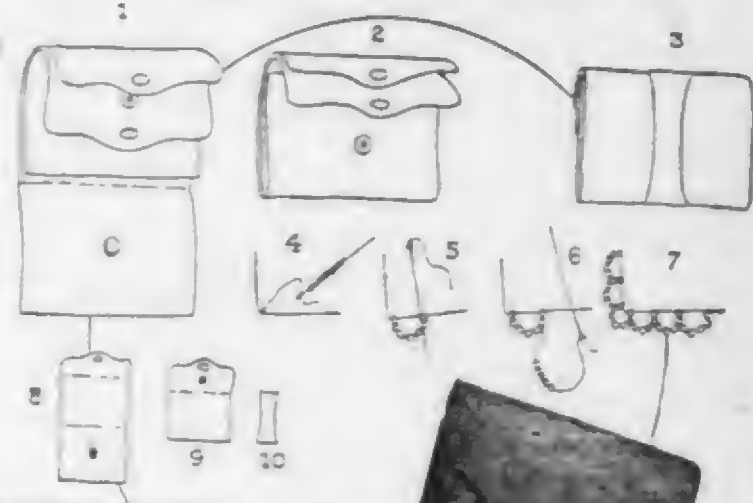

FASHION HINTS

Applique and Insets in Modernistic Design  
Appliques or insets which express the modernistic spirit, sound a decorative note throughout spring and summer styling. Frequently contrasting tones of the same fabric are employed or matching shades of different materials. Sometimes bandings and borderlines are in multi-colored, through seaming stripes of varied shades together.

Lace Lends Enchantment

To The Spring Costume  
Lace beautifies the spring and summer mode. Especially does the vogue for collar and cuff sets accent the enchantment of lace. Yokes, plastron effects worn over the dress, fichus, caplets, jabots and vesters.

Pretty Things  
that are made  
at Home

It's not the original cost of the fabric that counts or even the cost of the thread, but the way of proper arrangement which grows into money.

For example, take the case of a dress. What an important role this play in the fitness of a costume. And the one we want usually bears a price tag which is nothing less than a disaster. However, there need be no disaster now this season in matter of a perfect ready-made dress, one that would satisfy even the most fastidious eye. For explanation refer to the picture and the accompanying text.

With a few soft touches and a bit of clever handwork, at a comparatively trifling cost of money one may become the happy possessor of a hand-made article that is as good as a brand-new one. The three pieces (see Figures 1, 2 and 3) are ready to be sewed together at almost any time. Figure No. 1 shows the front, No. 2 a piece inside of No. 1. After sewing together (Fig. No. 2) see what a difference very soon. The best way is to use matching thread and "zip" over and over. This can be done so neatly not a stitch will show.

Now for the binding, and by the way, the steel bands are used. First draw the needle and thread through the needle at the extreme edge, beginning at a left corner, so as to work from left to right. After securing the first stitch, thread 7 of the beads (Fig. 4). Again bring the needle up through the needle about 3-16 inch

tell but a part of the story of lace for spring or summer.

Flower Hats, Also Hats of Silk Prints

One of the sure signs that it is again fashionable to be feminine is the appearance of flowered hats. Worn with a shoulder bouquet to match these fitted-to-the-head types all of flowers are enjoying a decided vogue with the smart Parisienne. As a rule, and quite the rage is the hat of a floral print to match made of a vivid silk.

Print Supremacy  
Silk prints dominate the spring and summer style picture. For lining and blouse or one-piece dress comprising the popular ensemble costume, for play summery frocks of diaphanous weave, for sportswear everywhere gay prints enliven the mode.

MICKIE SAYS—

WELL, HERE I AM AGAIN WITH THE SAME OLD TUNE, "IT PAYS TO ADVERTISE." GOLLY, IF OUR BUSINESS MEN'D ALL GET BIZZY AND DO SOME REGULAR ADVERTISING IN THIS GREAT PUBLICITY MEDIUM, WED ALL GET RICH TOGETHER.

LAKE VILLA CHURCH  
HAS CHILDREN'S  
PROGRAM SUNDAY

Ladies Aid Will Soon Hold  
Bazaar; Gas Stoves Are  
Installed.

Children's day was celebrated here Sunday by the Sunday School who presented the play, "The Best Day," directed by Mrs. Ballinger and Mrs. Wm. Weber, Jr. They all took their parts nicely and the church was nicely decorated with flowers, with a background of green and white crepe paper which was very effective. Mr. and Mrs. McGlashan presented their letter from a Chicago church and a number of children received baptism.

The Ladies Aid Society will meet with Mrs. Pedersen on July 11, and all who come are asked to bring novelties for the monthly booth in the bazaar to be held soon. Members especially are asked to furnish. The traveling basket is also on its way to your home.

Mr. and Mrs. P. Marks of Lake Villa entertained Mr. and Mrs. A. M. Jensen at dinner on the evening of June 20.

Mr. and Mrs. Wm. Walker were in Chicago on Thursday a week ago and spent the day with relatives.

Mr. and Mrs. Dobbin of Linden-burst Farm entertained Mr. Dobbin's brother and family of Lake Forest at dinner Sunday.

Mrs. J. M. Cannon and baby were in Chicago on Monday.

Mr. Mason was home over the Sunday, and his brother, Luther Mason of Chicago was a guest of the family.

Miss Clara Mason, who has been in Chicago for the past three months, is at home again, and is employed at the Donaldson restaurant.

Mr. and Mrs. Oscar Douglas and children of Waukegan spent the week end with their parents, Mr. and Mrs. A. M. Douglas.

Prof. Saunders, Miss Betty and David Saunders returned to their home in Madison, Wis., after a week with the personage family.

Mr. and Mrs. Seeger, with Florence and Alice, drove to Rockford Sunday and spent the day with Mrs. Seeger's sister and family.

Miss Laura Reinbach of Chicago

was a guest of her brother, Carl and wife over Sunday. Miss Betty Reinbach returned home from Chicago after a week's stay.

During the severe electrical storm last Friday, lightning struck the Weber house and the roof was badly damaged. The Antioch fire department responded to the call for help.

Mrs. Tina Meyer and daughters are at the Joe Kautz home for a few weeks.

Gas stoves have recently been installed in the church kitchen and parsonage—and the Ladies Aid did it, so when you are asked to help the bazaar please do not refuse.

Mr. and Mrs. Earl Miller of Chicago were with their parents, Mr. and Mrs. H. L. Miller over Sunday.

Mr. and Mrs. J. A. Pedersen of West View addition entertained several guests at their home over Sunday and Mrs. Pedersen's mother is with her for the summer.

Mr. and Mrs. Andrew Jensen of Chesney Farms entertained at a swimming party and luncheon Friday, June 22, in honor of Mrs. Jensen's niece, Mrs. J. V. Marriessy of Cleveland, Ohio.

## WILMOT GIRL WEDS SPRING GROVE MAN WEDNESDAY, JUNE 20

Shower Given For Edna Brinkman at Lutheran Hall Saturday.

At a very pretty wedding ceremony in the Spring Grove Catholic church at nine o'clock the morning of June 20, Rev. Schumlick, pastor united in marriage, Edith, daughter of Mr. and Mrs. John Elbert, of Wilmot and Vincent, son of Mr. and Mrs. L. Felts of Spring Grove.

The bride was given in marriage by Nicholas Nett and was attended by Mrs. N. Nett and Julia Hoff. Little Annabelle Nett was flower girl. The bride wore a white silk net veil, a dress of white crepe de chine and carried a basket of roses. The groom was attended by Mr. Nett and George Friend. Following the ceremony a dinner for sixty relatives and friends was served at the Felts home. A wedding dance was given for Mr. and Mrs. Felts at Solon that night and Thursday they left for Kansas City. On their return they will make their home at Spring Grove. Mr. Felts is an employee of the Kimball Wholesale Co. in Chicago.

A very cleverly arranged shower for Edna Brinkman was held at the Lutheran hall Saturday afternoon. Miss Brinkman was the recipient of many lovely gifts from her friends. A program of games had been arranged for the afternoon and a luncheon was served following the opening of the presents. Miss Brinkman is to be married to Lloyd Stoen at the Lutheran church next Tuesday afternoon at two o'clock. Rev. S. Jedele is to perform the ceremony.

Mrs. Jane Motley has returned from a visit in Kenosha with Mr. and Mrs. Martin Anderson.

The Wilmot-Union Grove baseball game, scheduled for last Sunday afternoon, was postponed because of rain to next Sunday at Union Grove.

Mr. and Mrs. Ray Kinreed and daughter of Belvidere spent the last of the week with Mr. and Mrs. Alfred Reynolds. Sunday they motored to Kenosha spending the day with Mr. and Mrs. Winn Peterson.

Labor Day night, Sept. 3, has been chosen by the Legion boys of Fred Semrau Post No. 361 for their annual dance at the Rademacher Twin Lakes ball room. The boys are giving away a new Ford, Model A Roadster which will be on exhibition at the Rademacher dance pavilion the entire season. Dance tickets are now on sale and may be obtained at the dance hall.

Mr. and Mrs. M. Carter entertained the former's parents from Peotons, over Sunday.

Mr. and Mrs. Earle Shales and children of Woodstock and Donald Herriek of Chicago were guests last Sunday of Mrs. Leah Pacey and family.

Mr. and Mrs. Charles Kanis and children motored to Madison Saturday to visit with Fred Holtdorf. From there they are driving to Sioux County, Iowa, to stay a week at the A. Holtdorf home.

Mrs. David Kimball of Orlando, Florida, was a guest last Thursday and Friday of Mr. and Mrs. George Faulkner.

Mrs. Clarence Holtdorf of Milwaukee spent the last week visiting relatives at Wilmot.

Mrs. Brownell and son are spending the week with friends at Milwaukee.

Mr. and Mrs. John Anderson and son of Galoisville spent from Friday until Tuesday with Mr. and Mrs. A. Stoen. On Sunday Mrs. N. Strupe, Arthur Stoen, Mr. and Mrs. Ralph Stoen and children, Mr. and Mrs. G. Dorwin, Wauconda; Mr. and Mrs. Austen Stoen and children of Liberty Corners; Mr. and Mrs. H. Simas and son of Hebron; and Mr. and Mrs. Earl Thomas of Greenwood were home for the day with their parents.

Mr. and Mrs. Walter Frank have returned from a short stay with friends at Elmhurst.

Mr. and Mrs. T. Bogda, Jr., and family of Edison Park and Mrs. T. Maron and Mrs. E. Maron of Kenosha were Sunday guests of Mr. and Mrs. John Stettin.

Mr. and Mrs. Otto Franzen of Elmhurst spent the past week with Mr. and Mrs. Ben Kanis. Sunday Mr. and Mrs. Wm. Kanis and son and Miss Hilda Iverson of Kenosha were there for the day.

Mr. and Mrs. Robt. Ellison, Naomi, Thomas Ellison and Charles Olson returned Friday from a motor trip to Toledo, Ohio, Adrian, Michigan, and Indianapolis, Ind.

Hilanche and Grace Carey gave a dinner Sunday evening for Mrs. M. Carey, Mr. and Mrs. Gerald Carey and daughters, Florence and Evelyn Carey of McHenry; Mr. and Mrs. J. Carey and Mr. and Mrs. Irving Carey of Nippersink.

The Lutheran Ladies Aid are to hold their annual bazaar and dinner at the Lutheran hall this Wednesday afternoon. Dinner will be served from five o'clock on.

Mr. and Mrs. Herman Frank, Mr.

and Mrs. Frank Zarnstorff and E. Frank motored to North Brook Friday evening to attend the school exercises. Raymond Horton was one of the graduates.

Mrs. Herman Frank and Miss Iola Harm motored to Burlington Saturday. Mrs. John Grabow and daughter returned with them for an over Sunday visit.

Mr. and Mrs. Fred Frank of North Brook are the proud parents of a daughter, born June 19. She will answer to the name of Betty Jeanett.

Mrs. Mary Wright and Mr. and Mrs. Thomas Fuson of New York were in Wilmot Monday and Wednesday visiting friends. They are on a motor trip to California and Kansas. Mr. and Mrs. Fuson are filling fourteen concert engagements in different states. Monday evening they were dinner guests of the Misses Carey. At present they are guests of Mr. and Mrs. Clarence Wright of Lake Geneva. They will leave there Friday for Minneapolis where they are to visit a brother of Mr. Wright's. In Montana they expect to see Mr. and Mrs. Detl Shollis, of Missoula; Mrs. Hamerstrom, (Elsie Baillon) of Billings; in Seattle, Lillian and Edith Darby and at Mornmouth, Oregon, where they are giving one of their concerts. Mr. and Mrs. Richard Swenson, all former Wilmot residents.

Raymond Rudolph has been ill with tonsillitis and under the care of a doctor since Saturday.

Miss Jeannette Peterson of Kenosha spent Thursday with Miss Bernice Harin.

### U. F. H. S. Elected

**Officers Monday**  
The annual Union Free High School business meeting and election of officers was held Monday evening. George Deane was re-elected treasurer to succeed himself. Eleven thousand was voted to pay school expenses another year. Banking for school will be done through the Silverlake State Bank from now on. The problem of reintroducing the Domestic Science Course was discussed and it was decided to make a survey of the school district next year with that idea in view. If enough pupils agree to take the course to make it profitable for the district to put it back in the school curriculum it will be offered for the school year of 1929 and 1930.

### Early Painter in Oils

Jan Van Eyck of the Flemish school has been generally credited with the invention or at least with the first practice, of painting in oil.

### But Beware of Manifold

You can learn almost everything by correspondence now, including the fact that it's safer to type letters to a sweetie.—New Haven Register

## SALEM MEAT MARKET HAS NEW MANAGERS

Louis Johnson has rented his meat market to Jean and Keen, who have recently bought the Deppi property north of the village. They are experienced meat men and expect to handle all kinds of meat.

## MRS. R. M. HAYNES ENTERTAINS CLUBS THURSDAY AND FRIDAY

Mrs. R. M. Haynes entertained the Thursday afternoon "500" club at her home. The prizes went to: first, Mrs. John Brogan; second, Mrs. Nels Nelson and third, Mrs. T. A. Somerville. Friday afternoon Mrs. Haynes entertained the Friday afternoon "500" club and prizes were given to Mrs. Anna Kelly, Mrs. Eva Kaye and Mrs. Frank Wood.

## FRIENDS OF MRS. ROBERT MANN GIVE SHOWER FOR HER

Mrs. Robert Webb entertained twenty-four girls in honor of Mrs. Robert Mann with a shower at her home Monday evening. Mrs. Mann received many beautiful gifts for her home which she will open next fall in Antioch. The evening was spent in playing "500" and Mrs. Bernice Fields won first prize. Mrs. Edith Elms, second; Mrs. Georgia Nelson, third and Mrs. Ethel Powles consolation prize. Mrs. Webb served a wonderful lunch to her guests.

## MRS. E. M. RUNYARD OPENS HER HOME FOR W. CLUB BENEFIT

Mrs. E. M. Runyard entertained the ladies of the Woman's club and their friends at her summer home on Bluff Lake Friday afternoon. It was a bridge and "500" party for the benefit of the library fund of the Antioch Woman's club.

Seventy-two guests were entertained and the club cleared over \$40.00. There were many guests from Waukegan at the tables. They are especially indebted to Mr. Richard Macek for the use of his new chairs at Mrs. Runyard's home.

## BANKERS PROVIDE STUDENT LOANS

American Bankers Association Completes Plan to Award 167 College Economic Scholarships Throughout Nation.

## AWARDS TO START THIS FALL

Students in Agricultural Economics to Be Helped in Farm States—Will Also Facilitate Entry Into Business Life.

One hundred and sixty-seven collegiate loan scholarships will be provided by the American Bankers Association, 98 of which are now being proffered to 71 selected colleges and universities in 34 states. It has been announced by John H. Puelhofer, Chairman of the Board of Trustees of the Association's Foundation for Education in Economics. The foundation fund of \$500,000 was started in 1925 to commemorate the Association's fiftieth anniversary and its aims to stimulate and aid worthy men or women students to pursue courses in banking and economics in collegiate institutions throughout the country.

The scholarship awards will be available for the scholastic year beginning this fall and will provide recipients with unit loans of \$250, to be repaid on easy terms following their entry into earning business life. In several farm states, it is provided, scholarships shall be specifically awarded in agricultural economics.

A special feature of the plan in addition to its educational advantages is that scholars, upon discharge of all their financial obligations connected with their loans, will be given certificates of honorary membership in the foundation signed by the members of the board of trustees, which will be available as evidence of financial reliability for their use in starting their business careers.

## Colleges Awarded Scholarships

Profrers of one or more scholarships have been made to the following institutions:

Alabama, University of Alabama, Birmingham-Southern College, Arizona, University of Arizona, Arkansas, University of Arkansas, California, University of California, University of Southern California, Stanford University, Tennessee, Wesleyan University, Yale University, Delaware, University of Delaware, District of Columbia, Washington University, Georgetown University, Florida, University of Florida, University of Miami, Hawaiian Islands, University of Hawaii, Idaho, University of Idaho, Illinois, University of Illinois, University of Chicago, Knox College, Northwestern University, Kansas, University of Kansas, Kansas State Agricultural College, Washington College, Louisiana, Louisiana State University, Tulane University, Maryland, Johns Hopkins University, University of Maryland, Michigan, University of Michigan, University of Michigan Agricultural College, Minnesota, Carleton College, University of Minnesota, Illinois University, Mississippi, University of Mississippi, Montana, Montana State University, Nebraska, University of Nebraska, Nebraska State Agricultural College, Nevada, State University of Nevada, New Jersey, Princeton University, Rutgers University, New Mexico, New Mexico College of Agriculture and Mechanical Arts, North Carolina, University of North Carolina, North Carolina State College of Agriculture and Engineering, Oregon, University of Oregon, Oregon State Agricultural College, Pennsylvania, University of Pennsylvania, Drexel College, Gettysburg College, Franklin and Marshall College, Allegheny College, University of Pittsburgh, Lehigh University, Swarthmore College, Pennsylvania State College, Rhode Island, Brown University, South Dakota, University of South Dakota, Tennessee, University of Tennessee, University of Chattanooga, Vanderbilt University, Utah, University of Utah, Vermont, University of Vermont, Virginia, University of Virginia, Washington, and Lee University.

## BESSY HALEY ENTERTAINS GIRLS AT HER HOME

Miss Bessy Haley entertained the Girls' club at her home in Lake Villa Wednesday afternoon.

## LADIES GUILD MEETS WITH MRS. HARRY SMITH

The Ladies Guild of St. Ignace Church met with Mrs. Harry Smith Wednesday afternoon at her home on Channel Lake. Mrs. Smith served the ladies with a wonderful chicken dinner at noon. The ladies spent the afternoon doing fancy work and tying quilts.

## MRS. LEECE CELEBRATES WEDDING ANNIVERSARY

Mr. and Mrs. Douglas Leece entertained Mr. and Mrs. Joseph Quirk of Genoa City at dinner Sunday in honor of their sixth wedding anniversary and her sister, Mrs. Quirk's first wedding anniversary. Their mother, Mrs. Hockney, was present also.

## MRS. WANCELLE ENTERTAINS LADIES CLUB TUESDAY

Mrs. Wancele entertained the ladies of the Tuesday afternoon "500" club at her home this week. Mrs. Weinbeck won first prize, Mrs. Golden, second and Mrs. Harry Beebe third. Mrs. Wancele served a very nice lunch to her guests.

## ILLINOIS MARINE IN OLYMPIC SHOOT

By his sensational shooting in the try-outs of candidates to represent America abroad, Gunnery Sergeant Paul E. Woods, U. S. Marine and native of Illinois, won a place for himself on the American rifle team, which will take part in the international rifle matches to be held in Holland in July.

Woods, who has never before shot on an international team, made one of the highest scores in the try-outs recently conducted at Quantico, Va., winning third place and outshooting some of the best shots in the country.

Prior to this year he had been a member of the Marine Corps rifle pistol team for two years, and while he had a several medals for shooting he had never displayed the form he showed in the recent try-outs. Before the trials he was considered to have an "outside" chance of winning a place on the team.

Woods was born in Winterwood in College, Washington, University of Washington, State College of Washington, West Virginia, West Virginia University, Wisconsin, University of Wisconsin, Lawrence College, Beloit College.

## Plan of Operation

The general plan allots scholarships to higher institutions of learning in states where the banks have completed the subscription quotas assigned them in the foundation fund. Institutions are selected on the basis of type of school, educational standards, geographical distribution and desire to cooperate in the plan. A scholarship committee is to be created in each selected institution, to consist of members of the faculty and a prominent banker. All scholarship applications must be made formally through the college committees and not direct to the foundation. Three home-town references are required of each applicant; at least one of whom must be a banker. Only students of junior or higher grade in bank and economic courses are eligible and those who have also attended American Institute of Banking courses will be given preference.

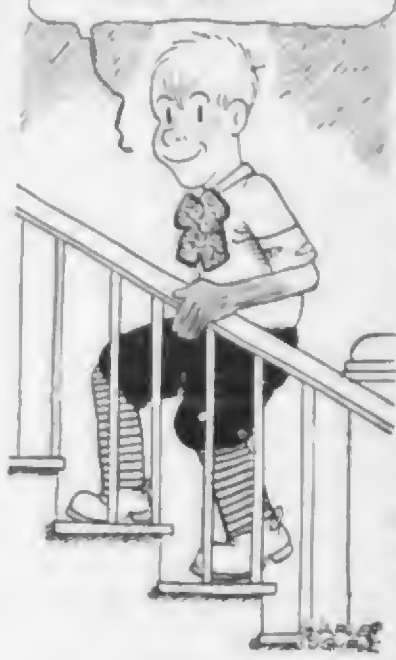

## Easy Terms

Scholarship payments will be given only to those whose means of education are dependent in whole or part upon their own efforts and will continue only during satisfactory scholastic standing or conduct. The loans are at five per cent beginning the first day of the second January after the date the scholar leaves school, with no interest or repayment made prior to that time. Loans may be paid off in monthly installments of \$10 or more. After three installments have been promptly met payments may be placed on a quarterly basis until the loan is wiped out when it must occur within three years. In case of delinquency, consideration will be given to special circumstances, such as ill health or unavoidable unemployment.

## Churches

## St. Ignace' Church Notes (Episcopal)

Kalendar—4th Sunday after Trinity  
7:30 a. m.—Holy Communion  
10:00 a. m.—Church School  
10:30 a. m.—Holy Eucharist and Sermon

There will be a celebration of the Holy Communion every Sunday morning from now on at 7:30 a. m. The Church School for the summer will meet in the Guild hall and have a special course. Every member is expected to be present and on time. The Junior church is made up of the members of the Beginners and Primary department, who have their own service at worship and study while the other people are in the Church proper. This project is under the able direction of Miss Bernice Polbrook and Miss Lelah Hawkins. The service for summer services is Holy Eucharist on the first and third Sundays and Matins or Litany on the second fourth and fifth Sundays at 10:30 a. m. Special Vesper services at 5:00 p. m. as announced.

It is to be hoped that many will take advantage of the services of the Church to their own souls' will and do solemnly attempt to carry on their connection with the Christian Religion after the Will and not their own private feelings. Most people "feel" like going to hell which is the absence of God and there are few exceptions. Do not flatter yourself in your own pride that you can get along without the Christian church for the Lord knows His own even if he makes the rain and sun come down on sinners and saints alike. Thou O God, hast made us for Thyself and we find no peace until we rest in Thee. Religion is life itself and a good life in Christ is the Christian religion.

## Methodist Church Notes

Dr. Daniel Stecker, Wilmette, Ill., will fill the pulpit Sunday morning at the usual Sunday morning service hour, 10:45. Dr. Stecker preached last summer in Rev. Krah's absence and you will enjoy hearing him again. Mrs. W. F. Ziegler has arranged special music for the service.

## Tree of the Desert

The forestry service says that the Joshua tree is a desert tree which grows in California, Arizona and New Mexico. It has light, spongy wood and is used for boxes and wrapping material.

Vol. 1

June 28, 1928

No. 27

Published in the interest of the people of Antioch and vicinity by H. R. Adams and Co.  
H. R. Adams, Editor  
Rex Bonser, Mgr.

Fourth of July just ahead.

Let's not forget what it's all about while we are celebrating. In fact, it is to the Americans the most important holiday that their country honors.

The work on the C. A. Powles' new building is progressing nicely. The roof will be completed this week. Fred Warner is in charge.

Clark: You want a gift for your little daughter? How about a nice little karter purse?

Mother: No, I don't think it would be wise for her to

carry her money in plain sight.

The cherry picking season is just ahead. You'll need a good step ladder. We have some dandy ones from two feet to thirty feet long.

"Oh, officer, officer, there's a man following me and I think he must be drunk." "Yes," the cop agreed, "as he gave her the once over, 'I think he must be drunk.'"

Golfer: "Doctor, you remember you recommended golf to take my mind off my work?"

Doctor: "Yes." Golfer: "Well can you prescribe something now to get it back again?"

According to a friend of ours, every married man don't think it would be wise for every bachelor isn't rich.

"Are you a New Yorker?"

"No, I'm an American."

He's one of those toe dancers, dances on any body's.

"I heard you got sick on the Nile." "No, I didn't eat any."

Maybe it doesn't cost as much to own a home as you think it does. Have you investigated?

Why do you call me Hazel? That isn't my name. Yes, but I know another nut by that name.

When you think of building, think of—

## State Street Lighting Is Model For Country

Atlantic City, N. J.—Chicago's State street lighting system was held up to members of the National Electric Light Association, who met here recently, as a model of whiteway illumination. The success of the installation in 1906 caused a demand for better lighting, not only in other sections of Chicago, but in other cities whose residents had seen it.

Seventy ornamental cast iron standards, 26 feet high, surmounted by two 2,000-watt incandescent lamps, erected between Van Buren and Lake streets make that part of State street the best lighted thoroughfare in the world.

Incandescent lamps are now considered the standard for street lighting, according to the report. Highway lighting is spreading rapidly, but not so rapidly as requirements of safety and expenditures for road construction warrant.

## CHRISTIAN SCIENCE CHURCHES

"CHRISTIAN SCIENCE" was the subject of the Lesson-Sermon in all churches of Christ, Scientist, Sunday, June 24.

The Golden Text was from Isaiah 54:13, "All thy children shall be taught of the Lord; and great shall be the peace of thy children."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Ho, every one that thirsteth, come ye to the waters, and he that hath no money; come ye, buy, and eat; yea, come, buy wine and milk without money and without price. Wherefore do ye spend money for that which is not bread? and your labour for that which satisfieth not? hearken diligently unto me, and eat ye that which is good, and let your soul delight itself in fatness" (Isaiah 55:1, 2).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In divine Science, where prayers are mental, all may avail themselves of God as in a very present help in trouble. Love is impartial and universal in its adaptation and bestowals" (p. 12).

## YOU CAN PROFIT

When You Know How Valuable This Service Can Be To You

THE banks of this community are here to help you prosper. Are you thoroughly familiar with the broad opportunities for profit offered you by your bank? The value you derive from your bank connection depends upon how you utilize it. Bank service, modern and progressive, is here—ready and waiting all the time. Most people can find many added ways to employ it profitably. Perhaps the most frequently overlooked part of this service is the checking account.

Your checking account nets you the largest gains when it consistently carries a reasonable reserve on deposit. Then, this one department of bank service secures for you at least seven distinct advantages:

1. Absolute proof of payment.
2. Great convenience and enormous saving of time in making payments.
3. Makes valuable financial counsel available.
4. Visualizes expenses, aiding control and insuring accuracy.
5. Brings added prestige.
6. Provides instant ready money.
7. Keeps money safe.

Those are some of the direct tangible benefits of an adequate checking account. The indirect returns are no less important.

## INDIRECT BENEFITS

When you increase your bank balance, that much additional cash is available for community use. Banks provide funds for carrying on the great public utilities, the manufacturing interests, home-building, and retail institutions. Your surplus helps them prosper. They build prosperity in your city and you again share in the profits of your surplus.

Thus a surplus in your checking account serves you directly in seven ways, and indirectly through your contribution to community prosperity. Your business ability creates a surplus which helps carry on the life of the community and keeps astir the sources upon which you depend for your own commerce. An adequate balance serves you well.

### Tourists See First House With Glass Windows

The opening of State Highway No. 143 from Benton to Harrisburg will reveal to passing motorists the first dwelling house to contain glass windows erected in Franklin county. The ancient building still stands at West End, a small town on the Eldorado division of the Illinois Central railroad.

The building was erected by the Jones family and J. K. Jones, 87, the first station agent of the Illinois Central at West End, still resides there. The land was homesteaded from the government and has never changed hands except to revert from father to son.

The house was built of brown loess and has weathered the sun and storms of more than 100 years. The deed to the land, bearing the signature of President Adams, is a treasured possession of the family.

### Crops Are "Fair to Poor" in Illinois

"Fair to poor" was the last that could be said of farm crops in Illinois on June 1. It is adjudged in the joint crop report of the state and federal departments of agriculture issued recently.

Corn is making a favorable start, but the early season prospects for small grain, grass and fruit crops are below average, the report said.

Winter wheat, rye and hay are spotted to light. Other small grains, pastures, apples and pears are uneven to fair. There will be few peaches except in the southern district.

Small grain and grass growth has been slow due to the cool dry spring season and some thinning of stands by April frosts.

Rainfall has been deficient and uneven since last winter. General crop prospects have improved somewhat following general rains since June 1.

### Illinois Bankers Ass'n. Place Guns in Banks

High-powered rifles and sawed-off shot guns are at hand for employees of all banks of Jackson county. The arms and ammunition were placed in the banks recently under a plan of protection recommended by the Illinois Bankers' Association.

Volunteer deputies, most of whom were former soldiers, will be ready to use the arms in case of robbery. They are all deputy sheriffs, and have the cooperation of county officials. The identity of the deputies is kept secret.

### Emmerson Receives Bids For Plates For 1929

Secretary of State Thompson received bids recently for between a million and a million plates for 1929. The price for plates last year was 9 cents a set. After the contract is awarded the successful company will submit samples and the colors to be used next year will be chosen by the secretary.

### Anthrax Breaks Out In Nearby Counties

Anthrax, the most common of the stock diseases, has been reported in the latter end of the anthrax and death has taken place at Kewanee and McHenry counties, in addition to the state department of agriculture.

These counties have been advised to keep their stock in the yards and to keep the yards clean. When the anthrax is found in the stock, the stock should be killed and the carcass buried.

### Gov. Small Signs Bill For Refunding State Gas Tax

Governor Small has signed the bill of the recent special session for the general assembly providing that the \$5,000,000 collected by the state under the illegal gasoline tax law be returned to the counties. The bill has been filed in the office of secretary of State Emmerson.

The bill becomes effective July 1, but there is no indication that any portion of the total will be refunded to the counties until suits pending in the state and federal courts are disposed of.

### Law Forbids "Welcome" Signs on State Roads

Cities which would extend a hand of welcome to motorists by erection of gateways and illuminated "Welcome" signs across state hard roads must seek some other method of expressing their hospitality. Attorney General Oscar E. Carstrom declares in an opinion given Frank T. Stuebs, chief highway engineer.

"Welcome," the opinion states, would be considered advertising. The law forbids any signs except highway markers placed by the state, and all others, whether gates or not, would be in violation of the statutes, the opinion concludes.

### Abraham Lincoln Tablet Unveiled at Rushville

In the midst of a simple impressive ceremony the large granite tablet which will mark forever the spot on which Abraham Lincoln addressed the people of Rushville on October 20, 1858, was unveiled recently. The tablet bears a bronze inscription which reads:

"From this spot Abraham Lincoln addressed the people of Rushville, October 20, 1858."

The tablet is located in the court house which formerly stood on this spot.

In the third special session in its many months, the general assembly listened to verbal fireworks set off by Senator John D. Baker, and Senator James J. Duff, Chicago. The contest was launched when Senator Duff discussed the report of the special revenue commission, which recommended the passage of bills giving the state tax commission authority to order reassignment of property in Chicago and downstate. Before the lively act had ended, the revenue bill had been sent to second reading for consideration.

### Fatal Accidents On Highways Estimated

Placing of a cross alongside the roadside for each person killed in an automobile accident within the last 10 years would mean one to approximately every three miles of improved highway in the United States.

This statement issued recently by the national headquarters of the American Automobile Association is based on a death toll on the streets and highways of about 175,000 within the last decade and a present system of 60,000 miles of improved roads.

The A. A. A. also pointed out that if these crosses were confined to one transcontinental highway—such as the Lincoln highway, stretching 3,200 miles across the country there would be over five crosses to each mile of roadway.

Bids were opened recently by the state division of highways for the construction of 147 miles of pavement, 23 miles of grading and 53 separate bridges. Officials of the division have announced that a preliminary analysis indicated that satisfactory bids were received on a majority of the projects. On a total of 115 miles of pavement for which apparently satisfactory bids were submitted the cost per mile including cement averaged \$26,745.

It won't be long now before danger warnings are removed from the north side of the state house. Workmen have begun to erect the high scaffolding to the third story of the capitol to repair crumbled stone which has been falling at intervals for several months.

### Know Illinois

In Illinois, 5.64 per cent of the people file income tax returns. The national average is 3.6 per cent.

Illinois has 125 commercial chicken hatcheries.

Illinois has 2,224 rural post offices and 2,049 miles of rural postal delivery routes.

Basketball leads Illinois high school sports in gate receipts.

Illinois ranks fourth of the states in the number of building and loan associations.

Seventeen air fairs will be held in Illinois during 1928.

## BRISTOL COUPLES UNITED IN MARRIAGE

### Ceremonies Performed For Muhlenbeck-Streuli and Gunter-Jacobson.

Two weddings of note occurred in Bristol Wednesday, June 28. The marriage of Miss Mabel Muhlenbeck to George Streuli, both of Paris, took place Wednesday morning in the Lutheran church before many friends and relatives. The flower girls and ring bearer united with the bridal party in making an attractive wedding service.

The second marriage took place at four o'clock when Miss Edith Gunter, only daughter of Mr. and Mrs. Chas. Gunter, was united in marriage to Jerome Clifford Jacobson, only child of Mr. and Mrs. Lauris Jacobson, at the farm residence, near the village. The Rev. Jos. A. Steen of Union Grove performed the wedding ceremony. The bride was groomed in a delicate blue chiffon and carried roses and lilies of the valley. Her bridesmaid, Miss Ruth Dixon, a cousin of the bride, was attired in a tan Elizabethan gown of crepe and carried sweet peas. Loren Hansen of Union Grove, was best man. Miss Eunice Dixon sang "I Love You Truly and O Promise Me", accompanied by Prof. Frederick Schulte of Racine, who also played Lohengrin wedding march preceding the bride procession and Mendelssohn's wedding march at the close of the ceremony. The reception at the home was followed by a wedding dinner served at the Charles Selby home, a thirty-one guests. Decorations were in yellow and white. The bride is a graduate of the Kenosha high school and also of the Union Grove Normal and has taught school for the past five years. The groom is Assistant Cashier in the Bristol Home State bank. Both are well known among a wide circle of friends, with whom they are very popular. Out-of-town guests included Mr. and Mrs. George Shepherd of Kenosha, Mrs. William son, Mrs. Myra Harr and three children, Edward Phyrle of Racine, The Misses Grace and Ruby Gunter from Paris, Mr. and Mrs. Jacobson left for a trip to Washington, D. C., and other points of interest in the east.

### Foiling the Fireside Sphinx

For centuries cat fanciers have thought and planned unsuccessfully to give pussy medicine without a struggle. It was never a one-man job. Even after three healthy individuals had successfully given pussy a pill or a dose of medicine, that is, they had conveyed it to her mouth and then closed her jaws upon it, to their dismay if she did not want it she would not swallow it, and at the first chance would spit it out.

But there is a natural law in the affairs of cats. A cat will always lick off material that clings to her paws. Acting upon this law, a cat connoisseur discovered this way of successfully giving medicine by saturating her paw with it. If the medicine is in pill form it can be made into a paste and smeared on her paw. Angora cats who need olive oil can be given sufficient for their needs in this way.

Many cats will take the various pills if they are first heated and whipped into warm milk.

### Shakespeare Wrong

Snakes do not sting, though Shakespeare repeatedly speaks of the stinging of serpents or adders. They bite and the venomous snakes inject poison from a poison gland by means of a fang. Our venomous snakes consist of several kinds of rattlesnakes, the water moccasin and the copperhead.

### Phosgene's Many Uses

Phosgene is used in dye making, in analyzing and used for optical glass and may be used to kill rodents and insects.

They will be at home to their friends after July 15. Professor Frederick Schulte's father, Professor Henry Schulte, played the wedding march for Mr. and Mrs. Lauris Jacobson, twenty-five years previous to the marriage of their son Clifford.

Mrs. Frank Gothen returned home last week with Rev. and Mrs. Frankson for a few days visit.

#### PUBLIC NOTICE

WHEREAS, a petition addressed to the undersigned as County Judge of Kane County, Illinois, has been filed in the office of the County Clerk of said County which petition is signed by 1689 persons who represent themselves to be more than one per cent of the legal voters of the territory described in said petition, said petition asking that the undersigned as County Judge of said Kane County may take the necessary steps under an Act of the Legislature, entitled, "An Act to Create River Conservancy Districts for River Control, Sanitation, Development of Water

Supply, Navigation and Protection of Fish Life" (approved July 11th, 1925) laws of 1925, page 346) to create the Commission which shall hold the Statutory hearings, give the Statutory notices and cause an election to be held at which the question shall be submitted to the legal voters of said proposed District, whether such proposed territory as therein set forth, or as amended, after hearings by said Commissioners, shall be organized as a Conservancy District under said Act of the Legislature, said petition contains a definite description of the territory proposed to be organized as such Conservancy

District, the largest portion of which proposed Conservancy District lies in Kane County.

That the undersigned has called to his assistance for a hearing on said petition, the County Judges of the Counties of Lake, McHenry, Cook, Kendall and LaSalle, in the State of Illinois, and said County Judges, together with the undersigned sitting as a Board of Commissioners, have determined that a hearing shall be had on said petition at the County Court room in the Court House at Geneva in said Kane County, and State of Illinois, on Monday the 9th day of July, A. D. 1928, at 1:30

o'clock P. M., and continuing thereafter until the boundary lines of said proposed District shall be fixed and determined.

Therefore, notice is hereby given that the said Board of Commissioners will hold a meeting in the County Court room in the Court House at Geneva in said County on the 9th day of July, A. D. 1928, at 1:30 P. M., for the purpose of considering said petition and the boundaries of said proposed Conservancy District, whether the same shall be as stated in the petition or whether said description shall be amended, and in what manner and to what extent, and will also consider all other matters

pertaining to said petition and the organization of said Conservancy District as the same may come before said Board of Commissioners for said District.

At which time and place every one interested in the organization of said proposed Conservancy District may appear and be heard upon any question which may be raised affecting the organization of said District and the boundary lines thereof.

Dated at Geneva, Illinois, this 11th day of June, A. D. 1928

HARRY C. DANIELS,  
County Judge of Kane County, Ill.  
(43-46)

## All doubts vanish when you change to Shell Motor Oil

No lurking fear of your motor oil deteriorating—no uneasy feeling when you speed—no apprehension about scored cylinders or burnt out bearings—when you "Change to Shell."

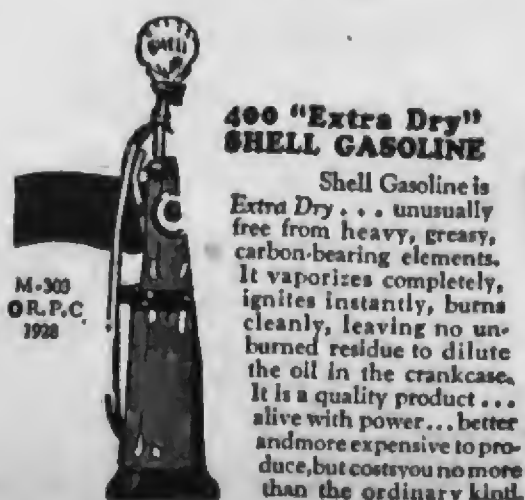

Year by year driving becomes keener and more thrilling. Powerful motors respond more quickly to the urge to go—highways are smoother and longer—you can set your own pace and hold it.

Shell Motor Oil enables you to enjoy these new pleasures with a carefree mind because you know that, no matter how you drive, it will faithfully protect every mov-

ing metal surface in your engine with a tough, clinging film—it will stand the gaff.

To remove any shadow of doubt—to keep your motor running smoothly—to postpone the day of motor over-hauling—Change to Shell Motor Oil—and use it exclusively. It is sold in the correct grade for your car by Shell service stations and dealers everywhere.

### Antioch Oil Company, Distributors

400 "Extra Dry"  
SHELL GASOLINE

Shell Gasoline is Extra Dry... unusually free from heavy, greasy, carbon-bearing elements. It vaporizes completely, ignites instantly, burns cleanly, leaving no unburned residue to dilute the oil in the crankcase. It is a quality product... alive with power... better and more expensive to produce, but costs you no more than the ordinary kind.
